

Omaha Steaks® Introduces Complete Holiday Meals

Omaha Steaks®, the nation's leading purveyor of exceptional grain-fed beef and gourmet foods, announced today the addition of complete holiday meals to their 2015 Thanksgiving and Christmas offering.

These new packages come in response to consumer demand to spend less time in the kitchen and more time with their families during the holiday season. According to a recent nationwide survey conducted by Omaha Steaks, a majority of people (55.99 percent) spend between 2-6 hours getting ready for their Thanksgiving meal, while another 29 percent spend more than 6 hours.

"Our new holiday meal packages include everything you need to cook a wonderful dinner for the whole family without spending hours in the kitchen," said Senior Vice President and Family Owner Todd Simon. "They are ready to cook, saving you prep time and leaving more time for family togetherness which is what the holidays are all about."

The new meals include classic Omaha Steaks holiday favorites, as well as new products introduced to create a convenient, complete meal for your entire gathering. Each package is shipped directly to your door, on the delivery date you choose, and includes a centerpiece main dish, side dishes and dessert. There are a variety of packages to choose from to accommodate any size gathering with different main dishes, sides and desserts, or you can choose to customize your own holiday meal by ordering items individually.

"We've always offered traditional holiday items including a Whole Basted Turkey and Spiral Sliced Ham but this year we've expanded our holiday menu to include a Pork Crown Roast, Turkey Roulade with Apple Cranberry Stuffing, new gourmet side dishes, pies and even peppermint ice cream."

As a fifth generation family owned company, Omaha Steaks has long been the "go-to" for holiday gifts and convenience of holiday meals.
