We engineer steel to move as if it's weightless.

We create features that feel anything but ordinary.

We select materials that perform and add a
luxurious presence.

At Monogram it's not just one detail, it's many.
When you put them all together, you create
appliances that look, feel and perform as if they
were designed perfectly for you.

U N P A R A L L E L E D P E R F O R M A N C E

Monogram appliances are expertly engineered with elegant features to take on any culinary aspiration, and serve as the stunning backdrop to everything you create.

Every Monogram appliance is outfitted with premium features the experts use. From controlled simmers, to precision cooking technology, you can reach new culinary milestones every time you cook.

Machined Metal

Used in luxury aircrafts because of its ability to strengthen in colder temperatures, this material was specifically chosen for our refrigerator door bins.

Figure Eight Drive Chain

Often found in high-performance vehicles, this engineering mechanism also connects to the doors of our french door ovens for a smooth, seamless, single-handed opening.

Sapphire Glass

Nearly the strength of a diamond, this unscratchable glass found in luxury timepieces adds weight and presence to our cooktops and pro range knobs.

Marine-Grade Ball Bearings

Resistant to moisture, corrosive environments and frequent water submersions, these bearings keep every rack in our dishwashers gliding effortlessly for years.

Traditional Style with Substance

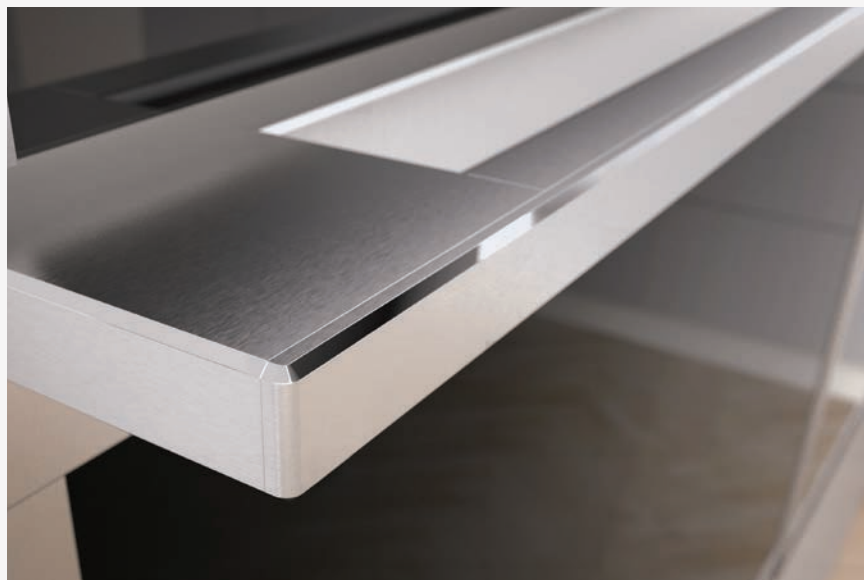

The Monogram Statement Collection features edge-to-edge handles, polished stainless steel, and rich interactive graphic displays.

The Statement Collection's signature large windows and substantial knobs enrich the kitchen with brass accents that unify the overall design.

The Epitome of Luxury

The Minimalist Collection's streamlined design and precisely machined metals create a contemporary yet functional aesthetic.

Expansive glass, flush installation, LCD screens and push-to-open oven doors eliminate the need for hardware.

Creative Cohesion

Create a kitchen that feels visually unified with the rest of your design.

Seamless integration is a customizable, panel-ready treatment that modifies appliances from the Statement or The Minimalist Collections to elegantly harmonize with your custom cabinetry.
