

GE PROFILE™ OPAL MINI NUGGET ICE MAKER: SMALLER FOOTPRINT, SAME CRAVEABLE ICE

Engineered for Effortless Nugget Ice in Every Nook

LOUISVILLE, Ky. – February 17, 2026 – [GE Profile™](#) is pushing the boundaries of nugget ice innovation to unveil the new **GE Profile™ Opal Mini Nugget Ice Maker** at the Kitchen & Bath Industry Show (KBIS) 2026. As the leader in countertop ice innovation,¹ this compact powerhouse packs the same chewable, craveable nugget ice into a sleeker, more compact design, proving smarter innovation can unlock big performance in small packages.

Since sparking the nugget ice [revolution](#) in 2015 with the original Opal, GE Profile continues to innovate ahead of the curve, harnessing cutting-edge tech and design to deliver unparalleled quality and style that meet the demands of modern life. This latest expansion builds on that legacy, tackling consumer feedback on compact convenience without sacrificing the legit nugget ice quality fans obsess over. Enter the GE Profile Opal Mini and Opal Mini Pro - two game-changers engineered for apartments, dorms, bar carts, office nooks, or clutter-free counters, and churning out up to 34 pounds of that signature snackable ice per day for everything from solo sips to party pours.

- **GE Profile Opal Mini:** Streamlined for simplicity with a top water filler that ditches the side tank for an ultra-compact footprint², and a flip-open front panel for easy cleaning and descaling. Soon available in nature-inspired finishes like Moonstone Blue, Stone Grey, and Charcoal Grey for a sophisticated touch.
- **GE Profile Opal Mini Pro:** Level up with premium perks such as a side tank for fewer refills, a scale-inhibiting water filter, and a stainless-steel scoop with external holder. Owners can also take advantage of Wi-Fi connectivity through SmartHQ for scheduling, maintenance alerts, and even customizing the ice bin light color for extra flair. Finishes will include Stainless Steel with a Charcoal Grey control and matching Stainless Steel and Charcoal Gray Side Tank, or a sleek fully Stainless Steel option.

Designed with consumer feedback at the core, both models pack new enhancements for peak performance and peace of mind. Enjoy upgrades that combat scale buildup and maintain optimal ice output longer, because your ice maker should perform as flawlessly as it looks.

“At GE Profile, we’re laser focused on turning real consumer needs into smarter innovations that simplify and delight,” said Lauren Platts, director of ice and beverage small appliances at GE Appliances. “The GE Profile Opal Mini answers the call for compact convenience without sacrificing the craveable nugget ice that made Opal a cult favorite. We’re excited to introduce this craveable essential at the Kitchen & Bath KBIS this year, demonstrating our commitment to making at-home nugget ice even more accessible.”

The GE Profile Opal Mini and Opal Mini Pro will be available starting July 2026. The GE Profile Opal Mini in Stone Grey and Moonstone Blue will be available on [geappliances.com](#), Amazon, and select retailers at a suggested MSRP of \$299. The GE Profile Opal Mini in Charcoal Grey is exclusive to [geappliances.com](#) and Walmart at \$279. The GE Profile Opal Mini Pro in Charcoal Grey with Stainless
