

2026: TOP 5 PRODUCTS FOR THE HOME

At GE Appliances purposeful innovation and personalized experiences come together to create appliances that fit your home and streamline daily routines. Here are a handful of products not to miss in 2026!

Life, Uncomplicated. Taking the Stress out of Grocery Shopping and Meal Planning.

1. GE Profile™ Smart 4-Door French-Door Refrigerator with Kitchen Assistant™

- The new, award-winning, GE Profile refrigerator redefines what a refrigerator can do, transforming it from a passive appliance into an intelligent hub that simplifies grocery shopping, streamlines meal planning, and reduces food waste. With five granted patents and six pending, consumers can turn hectic weeknights into inspired moments, and finally break the daily cycle of wondering, “What’s for dinner?” At the core of this breakthrough is the first-and-only integrated Scan-to-List barcode scanner that is invisibly built into the exterior door. Simply scan any grocery or household item running low, and the fridge automatically adds

it, complete with photo, brand, flavor, and size, to a digital, shareable, shoppable grocery list in the SmartHQ™ app. On the exterior, the refrigerator’s 8-inch interactive LCD touchscreen blends seamlessly into the door, maintaining a sleek aesthetic while delivering powerful functionality. Built-in speakers and a microphone enable engaging voice interactions, while over-the-air updates ensure the appliance gets smarter over time. **(Available April 2026, MSRP starts at \$4,899)**

Luxury Entertaining with Quiet Performance.

2. Monogram™ 24" Premium Fully Integrated

Dishwasher – When entertaining at home, every detail matters. The **new Monogram 24" Premium Fully Integrated Dishwasher** is designed for those who appreciate the quiet luxury of seamless hosting. As the quietest cycle performance in the industry¹ at a mere 37 dBA during the Quiet Cycle, it ensures your gatherings remain uninterrupted by noise, allowing conversation and ambiance to take center stage. With a panel-ready design that blends effortlessly into your kitchen aesthetic, it offers a sophisticated, custom look that complements any space. The dishwasher also features a third rack with a dedicated wash zone and removable one-third section that accommodates taller items below for maximum loading flexibility. **(Available April 2026, MSRP starts at \$2,200)** **Based on the Quiet Wash Cycle achieving 37dBA. Industry defined as residential dishwashers sold in North America, assessed January 1, 2026.*

Easy to See Organization: Redesigning Side by Side Refrigeration.

3. GE® 28 cu. ft. Capacity Side-by-Side Refrigerator with Adjustable Shelves

- To help make everyday life simpler while maximizing food storage, GE Appliances is introducing a new robust portfolio of refreshed side-by-side refrigerators, featuring 43 new models. With new integrated tracks incorporated into the design, owners can slide in a half baking sheet to instantly create extra flexible space. With the ability to unlock up to three additional storage levels, it's easier than ever to organize everything from party platters to weekly meal prep. The redesign also boosts capacity across the interior, including an added freezer drawer that enhances usable space and makes room for bulk shopping, oversized items, including full

pizza boxes. Each of these innovations brings premium, intuitive functionality within reach, offering households smart, modern solutions designed to keep up with the pace of everyday life. **(GE models available now, CAFÉ and GE Profile models available later this year, MSRP starts at \$1,119)**

Craveable Ice, Compact Form. Designed for Every Space.

4. GE Profile™ Opal Mini Nugget Ice Maker - Building on the success of the viral, fan-favorite Opal nugget ice makers, GE Profile is delivering that same craveable ice now with a sleeker, more compact design. The GE Profile Opal Mini and Opal Mini Pro - two game-changers engineered for apartments, dorms, bar carts, office nooks, or clutter-free counters, churn out up to 34 pounds of that signature snackable ice per day for everything from solo sips to party pours. Both models also pack new enhancements and upgrades that combat scale buildup and maintain optimal ice output longer, because your ice maker should perform as flawlessly as it looks. **(Available July 2026, MSRP starts at \$299)**

From Weather to What's for Dinner? Solutions At a Glance from Your Wall Oven

5. GE Profile™ Smart Built-In Convection Wall Ovens with Cooking Assistant™

- For homeowners seeking an elevated culinary experience, GE Profile is introducing a new Convection Wall with Cooking Assistant™. Available on select GE Profile models, CookCam™ with AI technology recognizes what you're cooking and then makes suggestions on the best Precision Cooking mode for the food type. Enhanced with new cooking modes, including Slow Roast for tender, restaurant-quality proteins,

this oven helps take the complexity out of everyday cooking. The Wall Oven will also be available across CAFÉ and Monogram brands. **(Available July 2026, MSRP starts at \$3,499)**

About GE Appliances, a Haier company

At GE Appliances, a Haier company, we come together to make good things, for life. Headquartered in Louisville, Kentucky, we are a leading U.S. manufacturer of home appliances with 15,500 team members nationwide. GE Appliances, found in half of all U.S. homes, is proud to be rated America's #1 Appliance Company¹ and trusted by millions of families nationwide. We manufacture and sell products under the Monogram™, Café™, GE Profile™, GE®, Haier™, and Hotpoint™ brands. Our operations support nearly 90,000 additional American jobs and represent an investment of more than \$2 billion since 2016. We are deeply committed to the communities where we live and work, passionate about getting closer to our product users to understand their needs and driven by the belief that there's always a better way.
