**GE Appliances New Air & Water Solutions Division Debuts at 2022 AHR Expo with an Atmospheric Gas Water Heater and Unitary HVAC System**

**LAS VEGAS—Jan. 27, 2022—**GE Appliances, a Haier company, Air and Water Solutions, is set to exhibit for the first time as a new division at AHR Expo booth N8106. The division is a dedicated solutions provider of residential and light commercial water heater, water filtration, HVAC and ductless heating and cooling solutions for professional contractors and wholesale distributors.

“We’re supported by a depth of resources, including more than 600 SKUs, 298,000 square feet of new U.S. manufacturing space, and an unwavering commitment to quick-access product solutions and technical support – of course, all backed by the history and reputation of GE Appliances,” said Jim Skaggs, vice president of sales for GE Appliances Air & Water Solutions.

The company is launching two new product lines at the show, including:

- **RealMAX™ atmospheric gas water heaters:** Made in Camden, South Carolina, RealMAX offers industry-exclusive Real Capacity and rounds out a comprehensive portfolio of atmospheric gas, electric, tankless and point-of-use water heaters in a variety of capacities and in-stock models.
- **Unitary HVAC:** Launching in fall 2022 with a sneak peek at AHR Expo, the line will include gas furnaces, packaged units, air conditioners, heat pumps, air handlers and evaporator coils.

Additional product categories in the booth include single- and multi-zone ductless systems, commercial VRF, controllers, electric water heaters, water filtration systems, and PTAC and VTAC systems and accessories.

“Whether it’s a multi-zone ductless system, WiFi-connected water heater or whole house water filtration, we’ve meticulously designed products for professionals, by professionals,” Skaggs continued.

AHR Expo attendees can meet the team and speak with product experts at GE Appliances Air & Water Solutions booth N8106. Visit [geappliancesairandwater.com](http://geappliancesairandwater.com) for a division overview and contact information.
